UNIVERSITY OF TORONTO

"VANDYK"

HIS MAJESTY
KING GEORGE VI

"VANDYK"

HER MAJESTY
QUEEN ELIZABETH

KING GEORGE VI

HIS Royal Highness the Duke of York, Albert Frederick Arthur George, second son of King George V, by the instrument of abdication, dated the 10th day of December, 1936, became King of Great Britain, Ireland, and the British Dominions beyond the seas, King, Defender of the Faith, Emperor of India.

His Majesty, inspired by the example of His beloved father, King George V, ascends the Throne, actuated by a high sense of duty and possessing that matchless quality of Kingship which will enable him to face with courage and inflexibility of purpose the grave responsibilities of his noble heritage.

King George VI, our new King, was born at York Cottage, Sandringham, on December 14th, 1895, and has become the third King of Canada. He is the thirteenth Duke of York and the sixteenth Monarch since Scotland united with England in 1603.

In 1923 he married Lady Elizabeth Bowes-Lyon, daughter of the Earl and Countess of Strathmore and Kingborne of Scotland. Their first daughter, Princess Elizabeth, affectionately called the Empire's Sweetheart, is heir-presumptive to the Throne and was born on April 21st, 1926. Princess Margaret Rose, their second child, was born on August 21st, 1930.

KING GEORGE VI.—*Continued*

The Royal Household is a family circle which exemplifies in a most typical manner the solidarity and sacredness of the family life of England: happiness and contentment resultant of a really delightful modern partnership based on mutual understanding, respect and sympathy, one to the other.

His Majesty is a veteran of the Great War, having served in an active capacity, both with the Royal Navy and the Air Forces. During the Battle of Jutland, on May 31st, 1916, he served on H.M.S. *Collingwood* and was mentioned in despatches for his coolness while under fire. In 1917 he was transferred to the Royal Air Service and after gaining his official "wings," was sent to the Western Front in 1918.

When Albert, King of the Belgians, made his triumphant re-entry into his Capital, Brussels, after the Armistice, Prince Albert, our present King, was selected by his father, King George V, as his representative on this historic occasion.

Our present King is intensely interested in social topics and labour conditions throughout the Empire.

His Majesty is keenly interested in all sports, enjoys riding and golf and is really a fine tennis player, being the only member of the Royal Family to play competitive tennis in the Wimbledon Championships.

The various functions in connection with the Coronation of His Majesty King George

KING GEORGE VI.—*Continued*

and Her Majesty Queen Elizabeth will extend over a period of eleven weeks, commencing on May 5th. The Coronation Ceremonies and parade will take place on May 12th, and a review of ex-service men will be held on June 22nd. The Canadian Government will be represented at the Coronation by the Prime Minister and Members of a Parliamentary Party of about twenty-five prominent persons, in addition a contingent of 274 officers and other ranks representing all arms of the Canadian militia, naval and air forces, as well as a detachment of 35 men of the Royal Canadian Mounted Police, will be sent to England by the Government to participate in the Coronation Ceremonies. More than half of the Coronation personnel are men who have seen active service. A total of 156 out of the 274 are Veterans of the Great War. The City of Toronto will be officially represented at the Coronation Ceremonies by His Worship Mayor W. D. Robbins.

The Governor-General-in-Council has decided that the birthday of His Majesty King George VI will be celebrated in Canada as in Britain on June 9th so that the public may better enjoy the holiday.

The citizens of Canada eagerly await the anticipated visit to Canada of His Majesty, King George VI, our only lawful and rightful liege lord, to whom we do acknowledge all faith and constant obedience. Long may He be spared to reign over our beloved Empire in peace, righteousness and prosperity.

TORONTO

Past and Present

THE history of Toronto dates back almost three hundred years ago when the first French adventurers were guided by their friendly Indians to the "place of meeting" which is the Indian name for Toronto. It was undoubtedly a centre of trade early in the eighteenth century, becoming important enough to be made a fortified post in the summer of 1750 when the French built a fort and named it Fort Rouillé, after the Colonial Minister at that time. In the war between the French and English the fort was burned in order to prevent English occupation in 1759.

Governor Simcoe, on his first visit to Toronto on May 2nd, 1793, chose the site of the City, for the Capital of the Province of Upper Canada. He resolved to set up a special two-roomed tent or canvas house which he had previously brought from England, as the nucleus of the new Capital, and to establish himself with his family during the summer. On August 26th the Governor changed the name to York in honour of the Duke of York, son of the then King George III, and at noon the next day a salute was fired in commemoration of the change.

Apart from the military works, no build-

TORONTO—PAST AND PRESENT—*Continued*

ings were erected in York until 1794 when the first homes of officials were built. In Governor Simcoe's time the boundaries of the town were George Street on the West, Ontario Street on the East, Duchess Street on the North and Palace (Front) Street on the South. The town was occupied by the United States' forces in 1813, at which time the Legislative Assembly Buildings and Archives were burned. Self government was granted in 1817 and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto. (Date of incorporation, March 6th, 1834.)

One of the noted achievements of Governor Simcoe was the opening of Yonge Street to Lake Simcoe which was completed in 1796. At this time York comprised only twelve blocks, immediately North of the Parliament Buildings then situated close to the waterfront at the foot of what is now Berkeley Street. The present intersection of King and Yonge Streets was not then in existence.

In 1842, just eight years after incorporation as a City, Charles Dickens wrote this most illuminating description of Toronto. "The town itself is full of life and motion, bustle, business and improvement. The streets are well paved and lighted with gas; the houses are large and good; the shops excellent, many of them having a display of goods in their windows such as may be seen in thriving towns in England, and some which would do no discredit to the metropolis

TORONTO—PAST AND PRESENT—*Continued*

itself. There is a good stone prison here, and there are, besides, a handsome church, a court house, public offices, many commodious private residences and a Government observatory for noting and recording the magnetic variations."

From such a sturdy beginning Toronto has developed into a great modern cosmopolitan City in the front rank of the really important commercial, industrial and travel centres of the North American Continent.

The atmosphere of Toronto is certainly singular for, from the spiritual emanation of three-quarters of a million people and the pioneer development, arises the foundation of its great institutions, known throughout the world for their character and reputation for sound intrinsic values. It is the home of the University of Toronto, the largest University in the British Empire, the world's greatest annual fair, the Canadian National Exhibition, and Canada's premier annual Agricultural, Live Stock and Horse Show, the Royal Winter Fair. It is the Head Office of five of Canada's ten chartered banks, as well as of many financial institutions. It has a great industrial and commercial capacity and fosters as municipal undertaking a street railway and motor coach service second to none on the Continent, an extensive street lighting system, a water works system, and a harbour development that is the most modern and up-to-date on the Great Lakes.

Toronto has many distinctions but its im-

TORONTO—PAST AND PRESENT—*Continued*

portance as a manufacturing centre leads all the rest. If one follows a line drawn from Canada's southern boundary through this City, and continuing directly to the north, it will about evenly divide the Canadian population, so that Toronto is in a position not only to serve a population of 1,500,000 within its tributary retail trading area, but its manufacturing and commercial institutions can compete conveniently for trade both in the East and in the West. Toronto has water communication to many important centres, to tide water and to more than half the way across the Continent. In its century of growth and in every respect, Toronto has become great among the cities of the world. It is one of the few really great cities not built either on or at the mouth of a great river.

The Government of the City is carried on under the provisions of The Municipal Act passed by the Government of the Province of Ontario. It is vested in a Municipal Council, consisting of the Mayor and four members forming the Board of Control (all five being elected annually by the citizens at large) and eighteen Aldermen elected annually from the nine Wards into which the City is divided (two Aldermen being elected from each Ward). The Council, as a whole, is the legislative body of the Municipality and carries on its legislative work through Standing Committees, viz.: Committee on Works, Committee on Property, Committee on Parks and Exhibitions, and Committee on Legislation. The Board of Control

TORONTO—PAST AND PRESENT—*Continued*

is the executive body and as such is responsible for the preparation of the annual Estimates or Budget and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Department of Education and Police, the first being under the control of a Board of Education elected by the citizens annually, and the latter under a Board of Commissioners of Police, which consists of the Mayor for the time being, one County Court Judge and one Magistrate.

The City of Toronto is situated on the northern shore of Lake Ontario nearly due north from the mouth of the Niagara River. It lies in latitude $43^{\circ} 39' 10''$ north, longitude $79^{\circ} 23'$ west. The minimum and maximum elevations of Toronto are 245 feet and 610 feet respectively, the elevation of the City Hall being 295 feet.

CITY HALL

CITY HALL

The City Hall, situated on Queen Street, between James and Bay Streets, is a massive stone structure, and contains accommodation for the Council and Officers of the Municipality, for the Courts of Justice (including the Magistrates' Courts and offices) and the various Judicial Officers connected therewith.

The site, expropriated in 1884, was originally intended for Court House purposes only, but it was subsequently decided to erect a combined City Hall and Court House thereon. The corner-stone was laid on the 21st day of November, 1891, and the building was opened for public business on the 18th September, 1899.

In the tower of the building is a massive clock, of British manufacture, and three bells, which are used for striking the quarter hours, half hours, and the hours.

Weight of bells: Smallest (quarter bell), 1,904 pounds; next largest (quarter bell), 3,339 pounds; largest (hour bell), 11,648 pounds.

The dimensions, cost, etc., of the building are as follows:

Frontage.....	289	feet
Depth.....	283	feet
Circumference.....	1,328	feet
Total floor space.....	5.40	acres
Height of tower from sidewalk..	300	feet
Diameter of clock face.....	20	feet

The total cost (including site, clock, bells and furniture) did not exceed \$2,500,000.

COURT OF REVISION

W. Assheton Smith, *Commissioner*.

The Assessment Rolls are returned and the Court sits to hear appeals against the general assessment of the City upon the following days.

Ward	Date for Return of Roll	Date of Commencing Court of Revision
7	March 17th	April 8th
8	March 30th	April 23rd
1	April 21st	May 17th
6	May 25th	June 21st
2	May 31st	July 15th
5	July 3rd	August 9th
9	July 10th	September 1st
4	July 26th	September 27th
3	August 9th	October 25th

Appeals must be filed within ten days after the return of the Assessment Roll, as stated on the notice of assessment, and should be lodged with the Assessment Commissioner.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works, vacancy allowances and business tax adjustments.

The City Clerk is the Clerk of the Court.

AREA OF CITY AND STREET STATISTICS

Area of the City, not including portion of land covered by water, is about 34 square miles.

Miles of streets, 575.32.

Miles of lanes (approximately), 157.78.

Roadway Mileage:

Asphalt	370.12
Asphalt block	1.11
Asphaltic concrete	19.90
Bitulithic	111.41
Brick	25.14
Macadam (including tar macadam)	2.86
Rocmac macadam	3.10
Wooden block (treated)	.28
Stone and scoria block	2.84
Concrete (other than lanes)	5.98
Tarvia	.38
Total paved streets (94%)	543.12
Paved lanes, mostly concrete	43.27
Unimproved roadways	32.20

Sidewalks, Sewers, etc.:

Sidewalk mileage	907.68
Sewer mileage	762.40

AREA OF CITY AND STREET STATISTICS

—*Continued*

(Sewage is all treated and averages
daily 71,632,000 gallons.)

Water main mileage	724.05
Gas main mileage	730.00
Street railway single track mileage on streets only. (All Toronto Transportation Commission)	202.86

BIRTHS, MARRIAGES AND DEATHS

The number of births, marriages and deaths in the City of Toronto during the year 1936, as shown by the Registration returns, is as follows:

Births	10,826
Marriages	6,491
Deaths	7,478

All births and marriages must be registered at the City Clerk's Office, City Hall (Room 21A), within thirty days from the occurrence thereof.

Number of marriage licenses issued by the City Clerk in the year 1936, 6,088.

Deaths must be registered at the same office or at any police station before a permit to bury can be issued.

Physicians attending are required to send in notices of births, and parents or occupants of dwellings where births occur are required to register same.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to send in notice in either case renders parties liable to a fine not exceeding \$10 and costs.

Marriage licenses issued during office hours. Office, Room, No. 21, Ground Floor, City Hall, west side. Telephone, Adelaide 7171.

PUBLIC HEALTH

The Administrative Offices of the Department of Public Health are located on the Third Floor, City Hall; telephone, Adelaide 7171.

District Offices

The Divisions of Medical Services and Public Health Nursing discharge their functions of city-wide health services through 8 District Offices, each under the joint direction of a District Medical Officer and District Superintendent of Nurses. District Offices are located strategically from west to east over the City as follows:

Runnymede—354 Keele St.....	Junction	8959
Parkdale—53 Argyle St.....	Melrose	5709
Hillcrest—643 Markham St....	Melrose	8035
Yorkville—135 Davenport Rd.,	Kings.	4369
University—408 Huron St....	Randolph	3116
Moss Park—18 Gifford St.....	Midway	8681
Riverdale—281 Broadview Ave.,	Har.	2185
Scarboro—299 Main St.....	Grover	1144

PUBLIC HEALTH—*Continued*

Greatly influenced by the number of deaths attributed directly to the heat wave experienced last July, Toronto's general death rate for 1936 reached a mark of 11.0 per 1,000 population, the highest point since 1930 when the recorded rate was 11.3. Excluding fatalities caused by excessive heat from a total of 7,106 deaths, the death rate compares favourably with that of 10.4 a year ago, and 10.1 for 1934—the lowest as yet recorded for this city. It should also be noted that the Toronto death rate for 1936 includes 1,005 deaths occurring among non-residents. During the past six years deaths among non-residents have comprised from 13.8 to 15.1 per cent. of the total number annually recorded.

Toronto's lowest death rate for infants under one year of age was that of 54.2 per 1,000 living births for 1934. During 1936 a comparatively low rate of 55.9 prevailed. Infant mortality in Toronto has been lowered by almost 14 per cent. in the past few years. Health departments generally pride themselves, and justly so, in having a low infant mortality rate, which is still a very sensitive index of the effectiveness of modern public health. It portrays, as nothing

PUBLIC HEALTH—*Continued*

else can, the inherent values of teaching and demonstration in the matter of personal care and hygiene, inasmuch as success in preserving tender, early life attests to the fundamental solidarity of the effort.

The death rate for tuberculosis remains low for a city the size of Toronto. The best rate ever recorded was one of 40.8 per 100,000 population and this was established in 1934. The figure for 1936 stands at the slightly higher point of 42.6. In retrospect, the tuberculosis rate is now less than one-third of what it was in 1910; since 1930 a reduction of 30 per cent. has been effected in mortality from this disease.

The diphtheria record for 1936 shows 48 cases with only 2 fatalities. While it does not quite equal the enviable record established in 1934, when no deaths were recorded, it must be considered a very favourable experience for a city of well over 600,000 population.

Comparing the records for 1934 and 1936, the former was a feat which may not be paralleled for many a year, the latter in reality a variation within a control or immunization programme not yet as complete as it can be. Notwithstanding, we stand at present on a level far reduced from that of

PUBLIC HEALTH—*Continued*

not many years back, as, for example, that of 1929, when 1,022 cases were reported with 64 deaths.

Several other noteworthy features are contained in the statistics of the year 1936. One might draw attention to a drop of over 5% in the maternal death rate from 5.7 per 1,000 living births in 1935, to one of 5.4. The customary small mortality from typhoid—1 death within the year—is sustained and indicates that this disease has become exceptionally well controlled. The close of the year marked the completion of a four-year period in which not a single case of smallpox has been reported.

Toronto's birth rate declined in 1936 to a new low of 16.2 per 1,000 population. For comparative purposes, the 1930 rate may be cited, 22.0.

Again in 1936, as in the year previous, the health picture of our City at large is satisfactory. The Department of Public Health does not alone aspire to credit for this enviable state of affairs but freely, and with appreciation, admits the splendid assistance rendered by the private physicians, welfare groups, and not the least, by our citizens themselves, in the common effort towards health conservation and health promotion.

PUBLIC HEALTH—*Continued**Civic Ambulances*

Telephone: Adelaide 6465.

The Civic Ambulance Service, under the control of the Department of Public Health, is located at the Coroner's Building, 86 Lombard Street.

A limited service is provided, restricted in scope to answering calls of an emergent nature such as street accidents and similar happenings; the transportation of non-emergent cases to a public hospital when the hospital maintenance of such person is to be at public expense, *i.e.*, a City Order case, and the transportation of all cases of communicable disease. Separate ambulances and staffs are provided for the respective services mentioned.

All calls of whatever nature should be directed to the Coroner's Building, telephone Adelaide 6465, where the attendant on duty will allocate the call if it is within the above categories, or otherwise advise the enquirer if service cannot be given.

In case of accident, the patient, if of adult age and conscious, has the right to select the hospital or other destination within the City to which it is desired to be taken. In the case of children, or those in an unconscious

PUBLIC HEALTH—*Continued*

condition, the medical attendant will undertake direction of the ambulance. In the absence of such attendant this duty then devolves on Police Officer present.

In cases where a person is found dead and a physician has not been in immediate attendance, the Coroner's Office, 86 Lombard Street—telephone Adelaide 6466—should be called without delay.

Public Hospitals

The Public Hospitals in the City are located as follows:

Toronto General Hospital, 101 College St.

St. Michael's Hospital, 30 Bond St.

Sick Children's Hospital, 67 College St.

Western Hospital, 399 Bathurst St.

St. John's Hospital, 28 Major St.

St. Joseph's Hospital, 1830 Queen St. W.

Women's College Hospital, 74 Grenville St.

Salvation Army Women's Hospital, 133 Bloor St. East.

Toronto East General Hospital, Coxwell and Sammon Avenues (East York).

Mt. Sinai Hospital, 100 Yorkville Ave.

Wellesley Hospital, Homewood Place.

Lockwood Clinic Hospital, 300 Bloor St. E.

Mothercraft Centre, 84 Wellesley St.

PUBLIC HEALTH—*Continued**Other Hospitals and Institutions*

Isolation Hospital, Gerrard St. East and St. Matthews Road.

Toronto Hospital for Consumptives, Buttonwood Avenue (Mt. Dennis).

I.O.D.E. Preventorium, Sheldrake Blvd.

Hospital for Incurables, 130 Dunn Ave.

Mercy Hospital for Incurables, 58 Sackville St.

Home for Incurable Children, 278 Bloor St. East.

Ontario Hospital for Insane, 999 Queen St. W.

Psychiatric Hospital, Surrey Place.

Hillcrest Convalescent Home, Bathurst St. and Davenport Rd.

Christie Street Hospital for Soldiers, 352-390 Christie St.

Coldest day, 8th February, 1934. Mean temperature of 16.0 degrees below zero.

Lowest registered temperature, 26.5 degrees below zero on 10th January, 1859.

Warmest year, 1921, mean temperature, 49.9 degrees.

Coldest year, 1875, mean temperature, 40.6.

Heaviest day rain, 3.88 inches on 27th July, 1897.

Heaviest day snow, 16.2 inches on March 28th, 1876.

Heaviest fall of snow in any winter, 123.5 inches in 1869-70.

Least fall of snow in any winter, 25.7 inches in 1932-33.

PARKS AND PLAYGROUNDS

The park system of Toronto, comprising 2,242.95 acres, had its beginning in the dedication by the late Jesse Ketchum to the Village of Yorkville in 1856 of the area known as Ketchum Park, and which came into possession of the City upon the annexation of Yorkville to the City in 1883. Since that time many park areas have been deeded to the City by the Crown, or donated by private citizens, and in all 1,006.41 acres have been so acquired, in addition to which 1,236.54 acres of park and playground lands have been purchased by the City. Much of this development has taken place in the past twenty-five years, during which time 909 acres of lands have been acquired.

One hundred and six park and playground areas are comprised in the park system, twenty-eight children's supervised playgrounds are operated within the system, in addition to which twenty-eight are operated by the Parks Department upon school grounds.

The zoological collections at Riverdale Park, High Park and the Island comprise a great variety of domestic and foreign animals and birds. The animals number 195 in 78 different species; birds compris-

PARKS AND PLAYGROUNDS—*Continued*

ing 175 species, number 699. Many of the most valuable of these have been donated to the City.

The trees upon the streets of the City, as well as those in the parks, are under the care of the Parks Department. During the past year 1,171 trees were planted upon the streets; 1,848 were removed; 22,731 were pruned; and 23,387 were sprayed.

The Exhibition Buildings and Grounds, in which the Canadian National Exhibition is held annually, are maintained by the City through the Parks Department.

The parks and playgrounds of the City, with the area of each, are as follows:—

PARK	AREA
Alexandra Park	6.8 acres
Allan Gardens	10.1 "
Avenue Road Squares	1.19 "
Baird Park	2.5 "

Picnic areas (accommodation for over 100 persons each)	104

TORONTO MUNICIPAL ABATTOIR

This service was inaugurated August 4th, 1914, as a public slaughtering establishment with cold storage (high and low temperature) accommodation. It is essentially to the greatest extent a public health institution, and while the fact of its existence may perhaps at times have had a tendency to regulate the price of meats, the purpose of its establishment was to concentrate the slaughtering of food animals within the City, so that the evils attendant upon the operation of small slaughter houses might be eliminated.

SLAUGHTER HOUSE RECORDS, 1936

	Number Slaughtered
Cattle	29,750
Calves	14,799
Sheep and Lambs	27,715
Hogs	6,047
Total	78,311

Earl E. Hunt, Abattoir Commissioner.

OFFICE

Foot of Tecumseth St., Toronto 2.

Telephone—Waverley 9214.

DEPARTMENT OF BUILDINGS

The Department of Buildings has charge of the following:

1. The examination of Plans, and issuing of Permits for all buildings.
2. The licensing of Passenger Elevators.
3. The licensing of Dry Cleaning, and Sponging and Pressing establishments.
4. The preparation of plans and specifications and the supervision of erection of Civic Buildings.

During the past year 35 licenses were issued for the operation of Dry Cleaning Plants and 595 licenses were issued for Sponging and Pressing Establishments.

Licenses were granted for the operation of 1235 Passenger Elevators.

BUILDING STATISTICS FOR TEN YEARS

Year	Permits Issued	Buildings Erected	Value of Buildings Erected

LOCAL IMPROVEMENT WORKS

When the owners of property on any street or lane desire a pavement, sidewalk, curbing, grading, sewer or water main, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the Department of Works for a form of petition to the Council for the work or improvement. The petition issued by the Department contains an estimate of the cost of the work and the estimated rate of assessment per footfrontage. When the petition has been signed by two-thirds in number of the owners representing at least one-half in value of the lots liable to be specially assessed, the Council may, with the approval of the Ontario Municipal Board, proceed with the work and subsequently assess the cost against the lots abutting directly on the work.

If it is found, when the petition is presented, that the names of two-thirds in number of the property owners representing at least one-half in value of the property have not been obtained, and if the Council nevertheless determines, on the recommendation of the Commissioner of Works, that the work is necessary and in the public interest, it may, with the approval of the Ontario Municipal Board, direct that the work be proceeded

LOCAL IMPROVEMENT WORKS—*Continued*

with unless a majority of the interested property owners, representing, at least one-half in value of the property to be assessed, petition against it within one month after the Council has given notice of its intention to proceed therewith. The foregoing procedure, which is called the "initiative" procedure, may also be followed on the recommendation of the Commissioner of Works, or on the joint recommendation of the Commissioners of Works and Assessment in the case of certain works, when there has been no petition for the improvement.

Under authority of section 8 of the Local Improvement Act, the Council, if it deems a work necessary in the public interest, may, with the approval of the Ontario Municipal Board, proceed therewith, notwithstanding any petition to the Council opposed thereto. The vote of the Council to proceed with the work must be a two-thirds vote of the whole Council.

Where the work is a trunk sewer, trunk water main, or the opening, widening, extending, diverting or grading of a street, the Council may by a three-fourths vote of the whole Council assume part of the cost and assess part of the cost against abutting lands and also lands benefited by the work.

WATER WORKS STATIONS AND EQUIPMENT

(Under the supervision of R. C. Harris,
Commissioner of Works.)

*John Street Pumping Station, foot of John
Street, at Fleet Street.*

GENERAL SERVICE

Nos. 6 and 7 engines, each 15,000,000 gals.
capacity, 24 hours (steam).

RATES TO BE CHARGED FOR MOVING HOUSE-
HOLD GOODS AND OFFICE FURNITURE
—*Continued*

Foregoing rates to include vehicle
and driver.

NOTE 1:

For the purpose of this Tariff "COVERED VANS" shall mean any vehicle, other than an open or tarpaulin covered truck, or wagon, used for the conveyance of household goods and office furniture, the body of which is completely enclosed on all sides except at the loading entrance thereof.

NOTE 2:

If vans of greater cubic capacity or trucks of greater body length are supplied than are necessary to contain the goods, the rate to be charged will be that of a van of lesser capacity or truck of lesser body length suitable therefore.

NOTE 3:

The above charges to commence from the time the vehicle leaves the office, warehouse or stand to take up load and to continue until its return thereto.

D. PIANO MOVING:

Upright pianos from ground floor to
ground floor:

RATES TO BE CHARGED FOR MOVING HOUSE- HOLD GOODS AND OFFICE FURNITURE

—*Continued*

Within a radius of four miles	\$4.00 each
Beyond a radius of four miles	6.00 each
Ordinary Grand Pianos....	
.....	\$1.00 plus charge for upright
Concert Grand Pianos....	
.....	2.00 plus charge for upright

EXTRA HANDLING:

For each floor above ground floor (when taken up or down stairs)	
	\$1.00 plus moving charge
Lowering or hoisting, one floor	
	4.00 plus moving charge
Lowering or hoisting, one floor	
	7.00 plus moving charge
Lowering or hoisting, one floor (when not moved)	\$5.00
Lowering or hoisting over one floor, each additional floor	2.00

Work-cards must be used when operating under this Schedule as provided for in Section 26 of this By-law.

For other rate see By-law No. 199 of the Board of Commissioners of Police for the City of Toronto, copy of which may be obtained from License office of City Hall.

BOARD OF EDUCATION

The Board of Education consists of eighteen members, two elected from each of the nine wards, and two appointed representatives of the Separate School Board.

PENNY BANK

For Schools

Inaugurated April 1st, 1905.

The Penny Bank operates in the Schools with the approval of the Board of Education. Deposits are made each Tuesday morning in the class room. Withdrawals can be made by school children at the Head Office of the Bank, corner of Orde and McCaul Streets, between the hours of 3.30 p.m. and 5 p.m., except Saturdays, and by parents from 10 a.m. until 5 p.m. Banking hours on Saturdays from 10 a.m. until 1 p.m.

There are over 87,000 open accounts in Toronto and suburbs with a total balance on deposit of over \$655,000. About 35% of the pupils make deposits every Tuesday morning. A large number of classes have 100% of the enrolment operating accounts in the Penny Bank.

Hon. President—Lt.-Col. H. D. Lockhart
Gordon, D.S.O.

President—M. A. Mackenzie, M.A.

Managing Director—H. B. Scandrett.

Assistant Manager—Elizabeth Armstrong.
Telephone, Adelaide 0828.

PUBLIC LIBRARIES

The management and control of the Public Library of the City with its several branches are vested in a Board of Management, appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (Chap. 202, R.S.O. 1914), and composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate (Catholic) School Board. The persons appointed by the City Council and the Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meetings on the second Tuesday of each month, and the Libraries and Finance Committee meets on the next preceding Thursday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City as shown in the returns of the Assessment Department. This appropriation is obligatory, but by a vote of a

The Administration Offices are located in the Central Library Building, corner College and St. George Sts. Telephone (switch-board), Kingsdale 1152.

The Downtown Circulating Library is at No. 42 Adelaide Street West.

The Reference Library and the Central Circulating Library are located in the main Library building, situated at the corner of St. George and College streets. Immediately north of this building there is a well-equipped Boys' and Girls' Library in the Boys' and Girls' House. There are sixteen Branch Libraries and Stations in several Schools and Settlements.

The cost of the main bulding at College and St. George streets, and of the Branches on Yorkville Avenue, Queen Street West,

PUBLIC LIBRARIES—*Continued*

Annette Street, Broadview Avenue, Roncesvalles Avenue, Bathurst Street and Queen Street East was met by funds provided by the late Andrew Carnegie. Sites and buildings for the other branch libraries were secured by special appropriations from the City.

The Reference Library is open from 10 a.m. to 9.30 p.m.; the Central Circulating Library from 9 a.m. to 9 p.m.; the down Town Branch from 8.30 a.m. to 8 p.m.; the remaining branch libraries from 2 to 9 p.m., but closing on Wednesdays. The Boys' and Girls' Library, on St. George Street, opens at 10 a.m. and closes at 6 p.m.

The main building includes, in addition to the administrative offices and the Reference and Circulating Divisions, the Central Reading Room, with an ample supply of the leading Canadian, British and American newspapers and magazines; the Music Library, a popular branch of the lending system; the Reference collection of the bound volumes of the Canadian, British and American patent specifications; a valuable collection of Government documents, and a Bureau of Clippings, these gathered from current periodicals for reference purposes.

PUBLIC LIBRARIES—*Continued*

In the Circulating portion of the main building are also housed the Kipling Room, with its special collection of books for boys and girls of High School age, and the John Ross Robertson Collection of engravings, prints and paintings illustrative of early life in Canada (the largest and most valuable collection of Canadian prints in existence). This room is open to the public daily without charge.

Boys' and Girls' books used	975,965
Books and pamphlets added	53,871
Total number of books and pamphlets in the Libraries	579,982

CANADIAN NATIONAL EXHIBITION

From August 27th to September 11th the Canadian National Exhibition will observe its fifty-ninth consecutive year of operation. In view of this being the Coronation year of His Majesty King George VI, the Exhibition will have a definite coronation motif. Actually this "Show Window of the Nations" dates back to slightly before the dawn of the nineteenth century, having had its inception in 1796. In those early days of Upper Canada's history when governmental headquarters were at Niagara there was formed the Niagara Agricultural Society under the patronage of Governor Simcoe. Except for a brief period following the War of 1812, the Canadian National Exhibition has been carried on, under one name or another, but always progressing and today it is admittedly the greatest of the world's annual expositions.

Founded on agriculture and planned for the "encouragement of agriculture, industry and the arts", it has rendered a service to Canada the value of which is inestimable. As the Exhibition grew and expanded it embraced the countries of the British Empire and finally many of the leading industrial and agricultural countries of the world.

CANADIAN NATIONAL EXHIBITION—*Contd.*

In order that the benefits and advantages of the annual fair might be more readily available to a greater number of the pioneers of the rapidly growing Upper Canada it became an itinerant attraction held at various points throughout the now province of Ontario. In 1801 it was held at London. That was the foundation of a provincial organization. The fair subsequently was held at Kingston, Cobourg, Niagara, Brockville, York and elsewhere. In 1879 it became the Toronto Industrial Exhibition. Not until 1912 did it become the Canadian National Exhibition.

Its progress since the turn of the present century has become truly remarkable and it has advanced steadily until its investment in land, buildings and plant equipment totals \$21,000,000. The Canadian National Exhibition now embraces agriculture, industry, education, pageantry, science, art, recreation, music, fashions, travel, sport, engineering, etc., etc.

The Board of Directors consists of the Mayor of the City of Toronto and seven members of the City Council, together with eight representatives of the manufacturing interests and art and eight representatives of agriculture, all of whom are elected at

CANADIAN NATIONAL EXHIBITION—*Contd.*

the annual meeting from among the membership of the association, which latter comprises one hundred and forty organizations of various kinds.

The Minister of Agriculture of the Province of Ontario is also (ex-officio) a member of the Board of Directors. In addition, the past presidents of the association are life directors. The 1937 board is as follows:

Honorary President
Colonel F. H. Deacon

President
Alfred Rogers
Vice-Presidents

George Brigden
John Westren

Life Directors

George H. Gooderham, T. A. Russell, Robert Fleming, Thomas Bradshaw, Sam Harris, Colonel F. H. Deacon, Alfred Rogers.

CANADIAN NATIONAL EXHIBITION—*Contd.**Grounds and Buildings*

Exhibition Park contains permanent buildings which are accounted the world over as masterpieces of exposition architecture. Those comprising the main group are constructed of steel, stone, concrete and brick, and are truly worthy of the high standard attained by the exhibition they house. Amongst the larger buildings are: the Food Products, the Coliseum, the Automotive, Electrical and Engineering, Horse Palace and the Province of Ontario. In 1927, at the cost of \$1,400,000, the live stock exhibit buildings were erected as an annex to the Coliseum. A new Engineering and Electrical building was provided in 1928 at the cost of \$600,000, and in 1929 the automotive interests were housed for the first time in a magnificent million-dollar building. The great horse Pavilion was erected in 1931 at a cost of one million dollars.

The year 1936 saw the erection of an ultra-modern bandshell, for which the sum of \$50,000 was appropriated. This structure combines all the new developments in the field of acoustics, lighting and materials for the purpose. The finest bands of Europe and America will be heard from time to time. The bandshell is used for concert, operatic and other attractions.

ROYAL AGRICULTURAL WINTER FAIR ASSOCIATION OF CANADA

The Royal Agricultural Winter Fair Association is a voluntary organization formed in November, 1919, whose aims and programme were set out in the charter from the Ontario Government as being:

“To establish a national fat stock fair and breeding shows in the City of Toronto, for the exhibition of farm animals of all kinds, and the products of farms, gardens, dairies and apiaries, and for the giving of prizes to exhibitors and generally for the encouragement of animal industry and of farm industries in Canada.” Subsequently, His Majesty by charter graciously granted permission for the use of the word “Royal” in the title. Membership in the Association includes representatives of the Dominion and Ontario Governments and the City of Toronto.

The Royal Coliseum is the pivotal arena around which the other magnificent buildings are grouped, covering some 25 acres of floor space. Immediately after the first Fair in November, 1922, support from exhibitors from every part of Canada was so enthusiastic that more extensive accommodation became imperative. The erection in 1927 of

ROYAL AGRICULTURAL FAIR—*Continued*

the livestock buildings to house the cattle, sheep and swine was the first step in expansion, and, in 1931, the original building plan was rounded out by the completion of the magnificent Equerry Building, having box and open stalls for 1,200 horses. There is, in all, penning for 2,000 cattle, 2,000 sheep and 1,500 swine, besides about 8,000 head of poultry. The Royal Winter Fair comprises to-day large and specialized shows for horses, cattle, sheep, swine, poultry, dairying, fruit and flowers, seed, grains, dogs, cats, tropical fish and pet stock. Entries total over 15,000 yearly, and the prize money paid annually is nearly \$100,000.

Almost from the first the Royal proved its merits and won a recognized place in the higher realm of Canada's agricultural schemes of development and national expansion. To-day the Royal Winter Fair stands in a position of unique pre-eminence among agricultural exhibitions on this continent. The assembly of so much variety combined with high excellence under one roof and into one organization gives the Royal at Toronto a distinctiveness not matched anywhere else.

The list of presidents of the Royal Agricultural Winter Fair Association to date is:

TORONTO AND YORK ROADS COMMISSION

(Appointed under 5 Geo. V., Chap. 17)

This Commission consists of five persons, two appointed by the County Council of York and two appointed by the City Council of Toronto, and a fifth to be appointed by the four elected members or the Lieut.-Governor in Council. Its duty is the improvement and maintenance of main suburban roads to be determined upon by the Commission. The cost is to be borne by the City, the County and the Ontario Government in the following proportions: 25 per cent. by the City, 25 per cent. by the County, and 50 per cent. by the Ontario Government. The members and officers of the Commission are as follows:

Commissioners

E. G. Farr, Chairman, Weston, Ontario.

Hon. Frank P. O'Connor, Vice-Chairman,
Toronto.

David Spence, M.P., 13 O'Hara Avenue, Toronto.

John R. Beamish, 130 Tyndall Avenue.

J. Ray Price, Humber Bay, Ontario.

H. C. Rose, County Building, 57 Adelaide
St. E., Toronto.

THE TORONTO HARBOUR COMMISSIONERS

The Toronto Harbour Commissioners commenced active operations in 1914, and, in co-operation with the City Council and Dominion Government by Agreement and Order-in-Council, have transformed the Harbour from a state of inadequacy into one of the most modern and up-to-date harbours on the Great Lakes. It can accommodate the largest vessels passing through the Welland Ship Canal, and now ranks third in cargo tonnage among Canadian Lake and Sea Ports.

In addition to deepening the Harbour and constructing 42,500 lineal feet of wharves, the majority of which are provided with navigable depth ranging from 22 feet to 26 feet, the Commissioners have created two waterfront industrial areas out of lands covered by water and non-revenue producing in 1915. These areas have direct access to rail and water transportation and are served by 30 miles of Commissioners' railway tracks, wide paved streets and hydro-electric power at cost; there is also perfect co-ordination of rail, water and highway transportation.

The Dominion Government and the Harbour Commissioners have constructed a

THE TORONTO HARBOUR COMMISSIONERS—
Continued

Marginal Way Pier, 1,264 feet long and 778 feet wide, with a slip 200 feet wide on each side; they have also jointly completed the unfinished walls on the north-west side of the Ship Channel. This work now provides 4,400 lineal feet additional berthing space and 26 acres of industrial lands, application for the lease of a large portion of this new area has already been received.

The elevator capacity of Toronto Harbour has been increased to 4,750,000 bushels by the erection of a 2,000,000-bushel addition to the elevator of The Toronto Elevators Limited; it was commenced in July and completed by the middle of November, 1935.

The area of the lands sold, leased or occupied now totals 496 acres, on which are located 93 establishments, which have invested upwards of \$38,600,000 in land, buildings and equipment.

The value of Harbour lands leased and sold from 1926 to 1936, inclusive, averages approximately \$950,000 per year.

Assessed value of occupied Harbour properties, 1936.....	\$20,937,721
Assessed value of all Harbour properties, 1912.....	1,976,804
Increase due to development of land covered by water and non-revenue producing in 1915.....	18,960,917
The City of Toronto advanced to The Harbour Commissioners under its guarantee of bonds for payment of Interest and Sinking Fund in 1936.....	1,114,144.74
	174
The taxes received by the City from occupied Harbour properties in 1936 totalled.....	\$699,239
Local improvement taxes paid by the Harbour Commissioners in 1936 totalled.....	160,689
From 1918 to 1936, inclusive, debentures of the Commissioners have been redeemed by Sinking Fund payments totalling.....	859,928
	5,550,000

THE TORONTO HARBOUR COMMISSIONERS

—Continued

The net general and local improvement taxes paid by The Toronto Harbour Commissioners on Harbour lands are as follows:

Year	General	Local Improve- ment	Total
1912 to 1934 ...	\$132,318	\$1,221,237	\$1,353,555
1935....	16,202	183,654	199,856
1936....	40,982	160,689	201,671
Total....	\$189,502	\$1,565,580	\$1,755,082

During the last few years waterborne traffic has been marked by a phenomenal expansion which is directly attributable to the Harbour facilities, which provide adequate accommodation to the largest vessels plying on the Great Lakes.

Below is the waterborne trade of the Harbour from 1911 to 1936:

Year	Tons	Year	Tons
1911	330,767	1933	2,500,100
1921	248,363	1934	3,125,144
1931	2,121,066	1935	3,020,132
1932	2,270,445	1936	3,382,830

The annual savings accruing to the citizens as a result of the establishment of

THE TORONTO HARBOUR COMMISSIONERS
—*Continued*

modern waterfront facilities by the Commissioners for commodities such as coal, coke, oils, etc., is at least equivalent to the bond interest charges of the Commissioners.

At the Western Section between Dowling Avenue and the Humber River 217 acres have been reclaimed. It is known as Sunnyside Beach, and contains a bathing pavilion with accommodations for 7,700 bathers at one time; adjoining this is a swimming pool 300 feet long by 75 feet wide, with a depth grading from 2½ feet. It has a capacity of 750,000 gallons. There are also amusement devices, games, rides, boating, canoeing, dancing and refreshments.

The waterfront properties at Toronto are served by a cross-town through traffic highway from the Humber River on the west to Leslie Street on the east, a distance of seven miles, with a minimum pavement width of 50 feet.

TORONTO TRANSPORTATION COMMISSION

The Toronto Transportation Commission was incorporated by an Act of the Ontario Legislature assented to June 4th, 1920. The Act of Incorporation is 10-11 Geo. V, 1920, Chap. 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remunerations as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(a) The Toronto Railway Company upon its acquisition by the City.

(b) The Civic Lines.

(c) Any other street railways that the City may from time to time acquire.

TORONTO TRANSPORTATION COMMISSION
—*Continued*

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of motor buses, or subways, or of tubes, or of any method of underground or local overhead transportation. (This was done by By-law No. 8564.)

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing contained in the Act of Incorporation shall divest the Council of its authority with reference to providing money for such purposes.

TORONTO TRANSPORTATION COMMISSION
—Continued

(9) The Commission to furnish the City annually an Operating and Financial Statement, and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Four tickets for 25 cents; cash fare, 10 cents.

Fares for Children:

- (a) Infants "in-arms", free. Children, not over 51 inches in height: Cash, three cents; ten tickets for 25 cents.
- (b) School Children's tickets: School Children's tickets are sold at the rate of seven for 25 cents, and are for the use of all school children under 16 years of age. The tickets are good only going to and from school, between the hours of 8 a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

TORONTO TRANSPORTATION COMMISSION
—*Continued*

Free transportation privileges on the street cars are provided to the members of the Amputations Association of the Great War and to blind people in Toronto receiving passes through the Canadian National Institute for the Blind.

Free transfers are issued between all street cars within the City limits and between street cars and "feeder" buses within the City limits.

To protect the City's huge investment and its rights to control public transportation in its streets, the City authorized the Commission's aquirement of control of the principal motor coach routes radiating from the City and of motor coach sight-seeing services in the City. These services and other special motor coach and motor launch services are operated by the Commission under the name of Gray Coach Lines, Limited. With its routes extending from the United States border at Niagara Falls and Buffalo to Toronto and thence to Muskoka Lakes, North Bay and other northern Ontario resorts, Gray Coach Lines' motor coach services have made Toronto the hub of highway travel and have developed a

TORONTO TRANSPORTATION COMMISSION
—*Continued*

profitable tourist business for Toronto. Complete information in reference to the services of Gray Coach Lines and connecting motor coach services to all points in Canada and the United States is available at the Motor Coach Terminal, 602 Bay Street, or by telephoning ADelaide 4221.

Several municipalities adjacent to Toronto have arranged to have their local public transportation services managed by the Toronto Transportation Commission. This arrangement is advantageous to these municipalities and does not impose any financial responsibility on Toronto or on the Commission. These include street railway services in York Township, Weston, and the municipalities between Toronto and Richmond Hill on north Yonge Street; and bus services in York Township, Forest Hill Village, Leaside and East York Township.

The Toronto Island Ferries, now owned by the City of Toronto, have been managed by the Transportation Commission since February, 1927. Passenger and freight service is supplied by a fleet of ferry boats and freight craft between the mainland and the three Islands—Centre Island, Hanlan's

TORONTO TRANSPORTATION COMMISSION
—*Continued*

Point and Ward's Island. The one-way trip to any of these points is made in approximately fifteen minutes.

The ferry service is managed by the Commission under an agreement with the City. The finances of this service are entirely separate from those of the other services managed by the Commission under its Act of Incorporation.

The rates of fare are the same on the ferries as on the City street car system, the same tickets being good on either service, but no transfer tickets are issued between the ferries and the street cars.

This is the sixteenth year of the Commission's operation of the various transportation services. In the essential quality of Safety the Commission has a notable record. Well over four billions of passengers have travelled on the street cars, buses, motor coaches, ferries and motor launches operated by the Commission. Not one passenger has been fatally injured.

The Commission operates 878 electric street cars and 89 electric service cars. The street cars travel a distance of approximately 21,000,000 miles in service during a

TORONTO TRANSPORTATION COMMISSION
—*Continued*

year. The 194 buses and motor coaches travel 6,000,000 miles yearly. The fleet of six ferry boats carry nearly 2,000,000 passengers during the Summer. Approximately 3,000 people are regularly employed by the Commission.

The Commissioners are as follows:

Wm. C. McBrien, Chairman.

S. J. McMaster, Vice-Chairman.

F. L. Hubbard, Commissioner.

David W. Harvey, General Manager.

Offices: 35 Yonge Street, Telephone Waverley 7611.

TORONTO HYDRO-ELECTRIC SYSTEM

The Toronto Hydro-Electric System is owned by the City of Toronto, and is operated for it by the Toronto Electric Commissioners.

The Toronto Electric Commissioners, created under Provincial Statutes (1 Geo. V, Chap. 119, Sec. 6), are empowered to carry out the provisions of the Public Utilities Act of Ontario (R.S.O., 1927, Chap. 249) in so far as such Act applies to the City of Toronto.

The present members and officers are:

Commissioners

Joseph Gibbons (Chairman).
Kenneth A. Christie (Vice-Chairman).
W. D. Robbins (Mayor).

Officers

E. M. Ashworth, General Manager.
H. J. MacTavish, Secretary.

Offices

14 Carlton Street: Telephone Ad. 2261.

The Toronto Hydro-Electric System is one of the largest municipally owned distribution systems in the world, and distributes power at unusually low rates.

Direct Current service is supplied in a restricted downtown area only.

Rates for Direct Current and special classes of service, such as Flat Rate Water Heaters, Hall Lighting, Sign Lighting, etc. may be obtained on application.

TORONTO INDUSTRIAL COMMISSION

The Toronto Industrial Commission was incorporated by Letters Patent under the Ontario Companies Act on 28th of December, 1928, and began active operations on the 13th of March, 1929. The Commission's objects are to secure industries for and aid industries in the City of Toronto and surrounding territory and to give publicity to the advantages of the Toronto area for business and manufacturing purposes.

During 1936 the Commission co-operated with eleven companies of outside origin, which established their own factories in the Toronto area. The statistics of total floor space, investment and employment for these new companies show a substantial increase over the corresponding figures for the two previous years. Eight existing Toronto industries in 1936 were assisted in securing larger or more suitable manufacturing space, new lines to manufacture and given data on questions of obscure sources of materials, taxation and numerous other subjects.

Since the Commission began operations eight years ago a total of 150 industrial companies have established in Toronto and suburbs. They have invested over \$6,900,000 in plant and equipment, are employing

TORONTO INDUSTRIAL COMMISSION—*Cont'd.*

more than 4,000 people, and are occupying more than 1,900,000 square feet of floor space.

In addition to the "direct" employment by the new industries, their operations have resulted in substantial additional employment in other Toronto concerns supplying a wide variety of production materials and services to the new companies and their employees. It has been conservatively estimated that this "indirect" employment represents 4,000 persons.

These new companies paid taxes of \$27,453 in the City of Toronto in 1936 and purchased electric power and light to the value of \$67,500, an increase of 32% over the previous year.

The Commission has given assistance to many existing Toronto industries, co-operating with them in expansion plans, in securing new lines to manufacture, and in providing them with market and distribution data with regard to both domestic and export trade, and information on numerous other subjects, including sources of equipment and materials.

The Commission is the official Industrial Commission for the City of Toronto. Its

The actual number of Toronto residents receiving Old Age Pensions at December 31st, 1936, was 10,614. The amount paid out in Pensions during 1936 was \$2,294,742.50, the City of Toronto's share at 10 per cent. being \$229,474.25.

In addition, the City is required to provide office space, equipment, staff, etc., and these for administration purposes are attached to the Department of Public Welfare.

MOTHERS' ALLOWANCES TORONTO BOARD

(Appointed in pursuance of the Mothers' Allowances Act, R.S.O., 1927, Chap. 280.)

The Local Board consists of six persons appointed by the Ontario Government, two being chosen by the City Council and the remaining members by the Minister of Public Welfare on the recommendation of the Ontario Commission.

Its functions are to receive and consider applications for allowances under the Act made by residents of the City of Toronto and to recommend to the Ontario Mothers' Allowances Commission the payment of allowances to those considered eligible.

A monthly allowance may be paid towards the dependent children of a mother with at least one child under sixteen years of age in her care, who is

(a) a widow, (b) or a mother with a totally and permanently incapacitated husband, (c) or a deserted mother, whose husband has not been heard of for at least three years, (d) or a foster mother, who is married or unmarried and has resident with her one or more orphan children and has not adequate means to care properly for them without the assistance of an allowance. In all cases the applicant must be a British

THE ONTARIO MUNICIPAL ASSOCIATION

This organization, composed of delegates appointed by different municipalities throughout the Province of Ontario, has been formed for the purpose of discussing important municipal topics and of prompting desirable municipal legislation. The delegates are either members or officers of municipal councils.

The annual meetings are held in Toronto, usually during Exhibition time.

The officers for the year 1936 are:

President—J. P. Ryan, Brantford, Ont.,
Vice-Presidents—C. W. McCrea, Sault Ste. Marie, Ont.; Wm. Jelly, Clerk, Leeds and Grenville Counties; W. R. Allely, Lindsay; H. Hopper, Hamilton; A. Belanger, Ottawa, and past presidents of the Association.

Secretary-Treasurer—Horace L. Brittain, New Wellington Building, 137 Wellington St. West. Telephone, Elgin 1904.

THE BOARD OF TRADE OF THE CITY OF TORONTO

The Board of Trade of the City of Toronto was organized in 1844 and incorporated by an Act of the Legislature of the late Province of Canada in 1845.

The principal objects of the Board are:

- (a) To promote and/or support such measures as, upon due consideration, are deemed calculated to advance and render prosperous the lawful trade and commerce and to foster the economic and social welfare of the City of Toronto in particular and of the Province of Ontario and of the Dominion of Canada in general.
- (b) To promote the establishment and maintenance of uniformity in the business of its members and those dealing with them.
- (c) To adjust, settle and determine controversies and misunderstandings between persons engaged in trade.
- (d) To advance in all lawful ways the commercial interests of the members of the Board generally and to secure the advantages to be obtained by mutual co-operation.

THE BOARD OF TRADE OF THE CITY OF
TORONTO—*Continued*

- (c) To stimulate in such way as may be determined from time to time social intercourse among the members of the Board.

The Board is one of the largest commercial organizations in the British Empire and functions through a Council of nineteen elected members and nine Committees, the principal of which are Legislation, Social Problems, Taxation, Trade Development, Transportation and Customs, and Northern Ontario. The Board also operates twelve Trade and Professional Branches, namely, Book Publishers, British Empire Overseas, Dairy, Engineering, Fuel Dock, Funeral Directors, Grain and Grain Products, Motion Picture, Oil Heating, Produce, Provision Trade, and Toronto Laundry-owners' Exchange, and has affiliated with it the Fuel Protection Association. The Board has direct representation on the Advisory Vocational Committee of the Board of Education, Canadian National Exhibition Association, Federation for Community Service, Ontario Safety League, Toronto Harbour Commission, Toronto Industrial Commission and Traffic Advisory Board.

THE BOARD OF TRADE OF THE CITY OF
TORONTO—*Continued*

Commodious Dining and Lounge Rooms and well-equipped offices are maintained for the benefit of the members and for the prosecution of the work of the Board.

TORONTO PUBLICITY BOARD

Business Men's Associations

President—Walter Hershman, 2662 Danforth Ave. Telephone, Grover 2600.

Secretary—Ald. W. A. Summerville.

WARD EIGHT COMMUNITY AND RATEPAYERS' ASSOCIATION

Officers, 1937

President—Fred. M. Baker.

1st Vice-Pres.—Geo. K. McArthur.

2nd Vice-Pres.—S. Warburton.

3rd Vice-Pres.—Loftus Reid.

Treasurer—C. R. Clarke.

Secretary—Chris. W. Halls,

140 Hammersmith Ave.

Phone, Grover 0120.

Association meets in Malvern Collegiate Auditorium the 3rd Thursday of each month October to April inclusive.

The Organization is composed of Ward Eight Ratepayers and Community Associations, representing taxpayers, business men, veterans, service, sporting and educational Associations.

The objects are educational along Municipal lines; it affords opportunities of discussion to bring about a better co-operation with the elected Members of the Municipality and its Officials, for the general advancement of the City as a whole.

THE TORONTO HUMANE SOCIETY

The Toronto Humane Society gives a twenty-four hour service, 365 days of the year for the relief of suffering animals. An average of 350 telephone calls per day are received, and during 1936 a total of 23,672 calls were made by the Society's trucks, during which 11,881 dogs and 19,721 cats were brought to shelter. 8,284 Emergency calls (sick and injured animals) were responded to and 3,345 complaints regarding cruelty were investigated.

Constant inspection is maintained over the conditions under which animals for human consumption are handled and killed. During 1936 this entailed the examination of 56,618 cattle, sheep, swine and poultry. The transportation of food, animals and birds is frequently carried on with great cruelty and it is an important part of the Society's work to keep constant watch on those engaged in this work and thousands of pamphlets are distributed to drivers of cattle trucks and those engaged in transportation of animals, giving advice as to the most humane way of doing the work.

Humane education of children is one of the most vital departments of the Society's work, as it is a well-known fact that a child

THE TORONTO HUMANE SOCIETY—*Continued*

who is taught kindness to animals will not go far wrong in his behaviour towards his fellow men.

The Society exists to help all animals that are suffering, that are wounded, lost, deserted, hungry or that must be mercifully put to death.

President—Lieut.-Col. R. S. Timmis, D.S.O.

Managing Director—J. M. Wilson.

Headquarters and Kennels—11 St. Albans Street. Telephone, Kingsdale 1191.

FORMER MEMBERS' ASSOCIATION OF TORONTO CITY COUNCILS
